Southern Counties Amateur Radio Association-K2BR

## WE ARE SCARA PROUD!

You may not be familiar with the Southern Counties Amateur Radio Association. We have been an active organization for close to 70 years. We are one of the oldest ham radio clubs in New Jersey. Our members come from all walks of life, but we all have one thing in common, our love of ham radio and our interest in promoting a sense of community through service to the public. You will find us using our ham radio skills in many settings.

We are the folks that keep essential communications going in emergencies, during severe weather events and other natural disasters. Additionally, we assist in providing communications during charity events.

AND

We also just plain have fun communicating with hams locally and around the world whether it be on one of our Nets, participation in contesting and much more. We share our knowledge and experience about all things ham radio, providing technology of interest presentations at our meetings. We offer monthly ham testing for those new to ham radio and those wishing to upgrade their license.

Best of all, you choose the areas of interest in ham radio our club offers.

We hope you will consider joining us and become a part of the SCARA PROUD team!

## SCARA CLUB ACTIVITIES:

Field Day – Annual Event

Hams getting together to communicate and share knowledge and expertise.

National & International Amateur Radio Lighthouse-Lightship Weekend

In August at Absecon Lighthouse in Atlantic City.
